| Code Reference | PRIORITY ITEMS<br>Priority items contribute directly to the elimination, prevention or reduction to an acceptable level, hazards associated with foodborne illness or injury. **These items MUST RECEIVE IMMEDIATE ACTION within 72 hours or as stated.** | Correct by (date) | Initial |
|---|---|---|---|
| 4-501.114 | Obs: dishwasher not testing for sanitizer | 3-27-26 | |
| | On todays date we came to La Feita restaurant to follow up on critical and non critical items. Owner had obtained bleach and Quat test strips- wiping cloths tested positive for sanitizer but dishwasher which owner indicated was Quat did not test positive for sanitizer when I used test strips to test. | | |
| | Through a phone call with Rachelle Kuster at the state she said Quat is not to be used in a dishwasher as it can not take the high water temperature. The reason it would have tested positive this morning on first run was because water temperature would not have been that hot with first run of the day. | | |
| | Will recheck on return visit on March 27, 2026. | | |

| Code Reference | CORE ITEMS<br>Core items relate to general sanitation, operational controls, facilities or structures, equipment design, general maintenance or sanitation standard operating procedures (SSOPs). **These items are to be corrected by the next regular inspection or as stated.** | Correct by (date) | Initial |
